Getting Started with Docker

Docker Deep Dive

Getting Started with Kubernetes

...

Get your hands on!

Docker Desktop

Play with Docker (<https://play-with-docker.com>)

Play with Kubernetes (<https://play-with-k8s.com>)

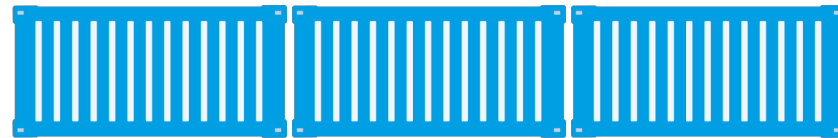

Organizational Preparedness

Face reality

Containers are coming!

If you know who this “company” was, answers on a postcard to [@nigelpoulton](#) on Twitter :-D

Accept that containers
are coming

Organization and Team Preparedness

Accept that containers
are coming

Determine whether
you already have
containers hiding in
your estate

Organization and Team Preparedness

Accept that containers
are coming

Determine whether
you already have
containers hiding in
your estate

Start making it official

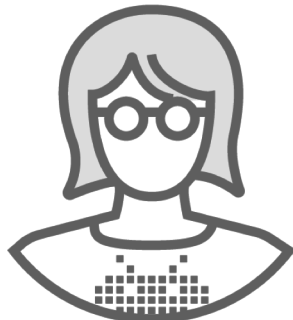

Organization and Team Preparedness

CI/CD workflows...

Hand-picked projects

Infra services

Accept that containers

Organization and Team Preparedness

Summary

Containers are
coming!

Prepare!

Soon they'll be
everywhere!

Go for it!

Why Being Prepared Is so Important

Docker
adoption up
500%

2/3rds of those
who try Docker
end up using
Docker

6%
of
hosts
run
Docker

Companies
triple the
number of
containers in
their first 6
months

<https://www.datadoghq.com/docker-adoption/>

Coming Up Next...

How will containers impact?
